With a unique modern design, authentic stone parts and wooden elements, this villa represents a perfect combination of style and functionality that fits perfectly into the natural environment.

Modern lines and shapes blend elegantly with natural elements, creating a harmonious blend of tradition and innovation.

Large glass walls allow abundant natural light to illuminate every corner of the space. This approach not only creates a feeling of spaciousness, but also harmonizes the interior with the surrounding environment.

An indispensable part of this modern concept are the openings on the roof, the entire length above the stairs, which, in addition to natural light, provide a unique opportunity to experience the feeling of freedom and connection with the atmosphere and natural elements. Openings on the roof allow a view of the starry sky at night, creating a special atmosphere and experience.

The infinity pool is the center of this modern villa, creating the illusion of merging the water with the sky or the sea in the distance. One of the walls of the pool is made of transparent glass, which creates a unique visual effect. Next to the pool itself, separated only by transparent glass, there is a fire pit, another enchanting addition that completes the ambience of the villa. The fire pit, located at the level of the pool, provides warmth and a romantic atmosphere, creating the perfect place to socialize and relax. In the evening, the flash of flame reflects off the glass wall of the pool, creating an enchanting play of light. For a complete experience, future owners will have the opportunity to relax in an elegant sauna with a starry sky or enjoy the intoxicating experience of an outdoor jacuzzi.

This luxurious villa located in the idyllic western part of Istria provides an ideal escape from the busy everyday life, offering at the same time the harmony of luxury and a relaxing environment for rest and enjoyment. The proximity of wineries, renowned restaurants and olive oil producers ensures that the future owners, in addition to the beauty of the villa itself and nature, will also enjoy superb gastronomic and oenological experiences.
